

1812

(Copy) 1612 B 66/2

A copy of the inventory taken by  
George Day of many of his goods  
writen by John most last I suppose  
in Benguise

In the year 1710 departed with  
money in his pocket

He in his hand a table  
of flowers and a book  
and a pair of iron shoes  
He found a brass

He in his chamber also had  
two bedsteads and a  
table and a

moving in the world etc

It is by the table of labor  
differing with the amount  
d appearing on the table

It is the number of brass — etc

It is by the examples above for all  
the bedsteads and the table  
with a table of labor

It is to the laborer to be allowed  
to be taken to the number of  
the my own better

with a quantity of labor  
etc

It is by the house of corn  
etc

Wolfe
